February 08, 2021

Dear Parent/Guardian,

As the Government of West Bengal has advised in favour of reopening of schools for classes IX to XII with effect from 12-02-2021, we plan, for the benefit of our students, to conduct the Selection Examination for classes X and XII offline, within the school premises, in order to ascertain optimal preparation of our students who will be taking the ICSE and ISC 2021 examinations. For classes X and XII therefore, the online Block test which was scheduled to begin on 19-02-2021 stands cancelled and replaced by the Selection Examination beginning on 1st March, 2021. The time table along with other details will be made available to the students in their class groups within 15th February 2021.

Timings for Selection Examination are as follows:

Class X: Reporting time: 10.00 am.

Writing time: 10.30 am onwards

The day's examination will give over as per duration of the paper.

Class XII: Reporting time: 11:00 am.

Writing time: 11:30 am to 2:30 pm.

Online theory and revision classes will continue as at present.

We plan to call class XII students for science practical classes from 12th to 18th February 2021 in staggered groups. These practical classes will continue after the Selection Examination is over. Classes X and XII students may be called for revision and remedial classes after the Selection Examination is over.

Guidelines for precautions against spread of Covid19 will be issued and are to be strictly adhered to.

We are taking numerous steps to ascertain that all stakeholders remain safe as well as make the most of the academic planning in the current situation. We solicit your cooperation, in the best interests of all concerned.

Stay safe.

Best Regards
Administration
